| Patient Name: TEST,PATIENT                 | CL1594               | Specimen Identification |
| Patient DOB: 7/14/1952                     | Positive             | Specimen Outcome        |
| Requesting Physician: TEST, DOC            | 12/16/2014           | Collected               |
| Requesting Practice: MAIN STREET TEST PAIN | 12/17/2014           | Received                |
|  | 1/28/2015 1:41:52 PM | Completed               |

*Reported Prescription(s) Detected*

| Reported Prescriptions | Anticipated Positives | Test Outcome  |
|------------------------|-----------------------|---------------|
| DIAZEPAM               | Diazepam              | Negative      |
|                        | Nordiazepam           | POSITIVE***** |
|                        | Temazepam             | POSITIVE***** |
|                        | Oxazepam              | POSITIVE***** |
| METHADONE              | Methadone             | POSITIVE***** |
|                        | EDDP                  | POSITIVE***** |

*Reported Prescription(s) Not Detected*

| Reported Prescription | Anticipated Positives | Test Outcome |
|-----------------------|-----------------------|--------------|
| None                  |                       |              |

*Other Analyte(s) Detected*

| Detected Analytes       | Outcome     |
|-------------------------|-------------|
| Alpha-Hydroxyalprazolam | POSITIVE*** |

*Specimen Validity Results*

| Creatinine | NORMAL | Nitrite          | NORMAL | Glutaraldehyde | NORMAL |
| pH         | NORMAL | Specific Gravity | NORMAL | Oxidant/PCC    | NORMAL |

Comment(s), if any

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

*Quantitative Results Key:*

*Negative* - The calculated concentration is below the Limit of Quantitation (LOQ) or the analyte fails to meet compound identification criteria.

*POSITIVE\*\*\** - The calculated concentration is within the linear range.

*POSITIVE\*\*\*\*\** - The calculated concentration is above the Upper Limit of Quantitation (ULQ)

*"Illicit Drugs" Key:*

6-MAM = Heroin Metabolite

Benzoyllecgonine = Cocaine Metabolite

MDMA = Ecstasy PCP = Phencyclidine

JWH Compounds = Spice Metabolites

THCA = Marijuana metabolite
